

PSY 455
FIRST MID-TERM

The exam consists of 45 multiple choice questions (worth 1 point each), 15 sentence completion questions (each worth 1 point), and three brief essay question (each worth 20 points) of which you are to answer two.

The multiple choice questions covers material from the reading assignments. The matching and essay question address material presented in the lecture.

The Regan readings covered by the exam are:
Chapter 3 Relationship Development
Chapter 7 General Theories of Love
Chapter 8 Passionate and Companionate Love
Chapter 15 Personality
Chapter 16 Interpersonal Belief Systems

From the lectures pay particular attention to the subjects of:

Problems of the Research Methods used to study human sexual relationships

Elements that influence attraction

Beauty and Evolutionary dynamics

Differences between male and female friendships

Types of love

Tending Instinct

Bring a 882-e-lovas Scantron to class for the multiple choice portion of the exam. Your answers to the sentence completion items and brief essay will be written on the exam.
